PROFESSIONAL SUMMARY

Information Systems graduate and UCF M.S. Financial Technology candidate with enterprise technical operations experience and academic training in Python, R, statistical analysis, and financial data. Supported systems serving 10,000+ users, investigated highvolume incidents, improved workflows, and contributed to cloud identity integration and SOX-aligned controls. Brings structured problem-solving, technical documentation, and football performance evaluation experience to entry-level data analytics, business intelligence, and reporting roles.

ANALYTICS & TECHNICAL SKILLS

Analytics & Programming: Python, R, Excel; statistical analysis, regression, data interpretation (graduate coursework)
Operations & Reporting: Incident trend investigation, root-cause analysis, process improvement, documentation, audit support
Enterprise Technology: Active Directory, Microsoft 365, SCCM, VPN, Google Cloud Platform, Azure, PowerShell, Windows
Football Analysis: Film review, opponent tendency identification, scouting reports, player performance evaluation

PROFESSIONAL EXPERIENCE

Apex Systems / Optimum — Senior Identity Operations Analyst | 2023 – Jan 2025

- Supported identity and technical operations for 10,000+ users across cloud and on-premises environments, applying systematic troubleshooting to complex access and endpoint issues.
- Resolved approximately 52 incidents daily involving Active Directory, Microsoft 365, VPN, and SCCM while meeting service expectations and prioritizing recurring issues.
- Led work on a GCP-to-Active Directory integration initiative, improving access workflows and helping reduce multi-week ticket backlogs.
- Investigated root causes, coordinated escalations with engineering and security teams, and documented findings in SOPs and knowledge-base articles.
- Supported SOX-aligned access controls, audit preparation, and process improvements requiring accurate records and crossfunctional communication.

St. Thomas Aquinas High School — Defensive Line Coach | 2026 – Present

- Review game film and evaluate player performance, technique, and opponent tendencies to inform weekly game preparation. Prepare and communicate scouting observations and adjustments to coaching staff and student-athletes. **i9 Sports — Flag Football Coordinator / Referee / Coach** | Dec 2025 – Present
- Coordinate youth football operations, resolve real-time issues, and communicate with staff, players, and families.

International Longshoremen's Association Local 1414 — Logistics Operator | Feb 2025 – Present Support time-sensitive cargo operations while following safety, Hazmat, and operational procedures. **ReliaQuest — Business Development Representative** | 2021 – 2022

- Supported enterprise cybersecurity outreach, communicated technical solutions, and collaborated with internal teams.

EDUCATION

University of Central Florida — M.S. Financial Technology | Expected May 2027

Wagner College — B.S. Information Systems | Minor in Physics

ADDITIONAL EXPERIENCE & CERTIFICATIONS

Professional Football: Toronto Argonauts (CFL, Grey Cup champion); XFL/UFL San Antonio. NCAA Division I football at Wagner College.

Change Management Certification • AWS Solutions Architect — In Progress (as listed on original resume)
